EDUCATION

DY Patil Ramrao Adik Institute of Technology
B Tech in Computer Engineering - CGPA - 9.4

Graduating May 2027
Navi Mumbai, Maharashtra

SWAMI VIVEKANAND HIGH SCHOOL
HSC, Computer Science Vocational

Chembur, Maharashtra

SKILLS

- **Programming Languages:** C, C++, Java, SQL
- **Tools:** Git, GitHub, VS Code, Canva, LiveSQL
- **Web Technologies:** HTML, CSS, JavaScript, Tailwind CSS

PROJECTS

AWAAJ – Sign Language Translator and Learning Application [↗](#)

February 2025

- Kotlin, Jetpack Compose, Android Studio, Machine Learning (TFLite), MediaPipe, YOLO, Canva
- Developed a real-time Android app to translate Indo-Pakistani Sign Language (IPSL) into English text/voice and assist users in learning ISL.
- Collaborated on integrating a gesture recognition ML model (MediaPipe + YOLO), achieving **82%** translation accuracy in testing.
- Designed and developed the complete UI using Jetpack Compose and Kotlin, implementing smooth navigation, responsive layouts, and gamified learning features such as quizzes, progress tracking, and a visual dictionary.

UMEED – NGO Website [↗](#)

December 2024

- HTML, CSS, JavaScript
- Designed and developed a responsive website for an NGO to showcase educational and healthcare events.
- Implemented features for user registration, login, and donation interface using JavaScript.

EXTRACURRICULAR

- **Research Paper** titled "*AWAAJ – a Sign Language Translator and Learning Application*" accepted for publication and issued copyright by IEEE (2025).
- Taught basic C++/DSA in offline Mode.
- Participated in e-Yantra, KLEOS 3.0, Adobe India, Trilytics'25: Analytics Case Hackathon.

CERTIFICATIONS

- Data Structure and Algorithms in Java - Apna College
- Introduction to Programming with Python - EDX
- Web Development Fundamentals - IBM
